**NB:** The values correspond to the expression to the first decimal or integer closest to the sum of the precise values, taking into account rounding.

(1) Including assets in overseas France.
(2) Generation of 183 MW from the biomass power plants owned by the subsidiaries EDF Polska and Kogeneracja sold on 13 November 2017.
(3) Generation of 18.2 MW from the biomass power plants owned by EDF Énergies Nouvelles, sold in early 2017.
(4) Generation of 0.1 MW from the solar power plant owned by Edison.
(5) Excluding EDF Énergies Nouvelles energy storage and EDF Énergies Nouvelles biogas production.
