

# 16 KPI FOR MEASURING THE 16 CSR COMMITMENTS : 2022 RESULTS

	CSR COMMITMENTS	KEY PERFORMANCE INDICATORS	TARGETS	2020	2021	2022	DEAD-LINE	SCOPE
Carbon neutrality & climate	Ambitious carbon trajectory II	Carbon intensity : specific CO2 emissions from electrical generation and heat	35gCO <sub>2</sub> /kWh	51	48	50	2030	Group
	Carbon offset solutions I	Deployment rate of the framework guidelines on carbon offset solutions within concerned entities	100%	-	50	50	2023	Group
	Adapting to climate change I	Deployment rate of new climate change adaptation plans within concerned entities	100%	-	47	100	2022	Group
	Development of electricity and energy services I	Avoided CO2 emissions thanks to our sales of innovative goods and services	>30Mt <sub>(1)</sub>	-	4,4	11.4	2030	Group <sub>(1)</sub>
Planet resources preservation	Biodiversity I	Achievement rate of "Act4nature international" commitments	100%	44	67	89	2022	Group
	Responsible land management I	Implementation rate of innovative solutions encouraging multifunctional land use	100%	-	20	40	2026	Group
	Integrated and sustainable water management II	Water intensity : water consumed / electricity generated by fleet	<0.95l/kWh	0.87	0.86	0,83	Annual	Group
	Waste and circular economy I	Annual rate of conventional waste directed towards a waste recovery industry	>90%	91.9	92.7	88.4	Annual	Group
Wellbeing & solidarity	Health and safety for all I	Global LTIR	<1.8lnd	1.9	2.1	1,9	2023	Group
	Ethics, compliance and human rights I	Annual rate of feedback to whistleblowers within a maximum of one month, informing them of the admissibility and further processing of their report (New)	100%	-	-	100	2021	Group
	Equality, diversity and inclusion I	Percentage of women in the Management Committee of the Group's entities	33%	28.7	24.9	30,8	2026	Group
	Energy poverty and social innovation I	Individual guidance provided every year to our clients as part of the "Energy Support" framework	600,000 – 1,000,000	905,017	642,482	476,638	Annual	EDF
Responsible development	Dialogue and consultation with stakeholders I	Annual rate of projects for which a dialogue and consultation procedure is engaged	100%	-	100	100	Annual	Group
	Responsible regional development I	Annual rate of procurement from SMEs in France	22% to 26%	23,4	24.9	23,2	Annual	EDF & Enedis
	Development of industrial sectors I	Achievement rate of supporting actions backed by EDF, encouraging relocation and maintaining nuclear industry skills ("France Relance" Programme)	100%	-	28.6	71,4	2023	EDF
	Sustainable and inclusive digitalization I	Achievement rate of EDF's commitment to the French Responsible Digitalization Institute (INR)	100%	-	18.8	52,5	2024	EDF

II : audited with reasonable assurance

I : audited with moderate assurance

(1) New Target/ New geographical and products & service scope
