6. REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

(i) Reasons for the offer:

The net proceeds of the issuance of the Notes will be allocated within the Issuer's treasury liquidity portfolio to a sub portfolio (the "**Green Project Portfolio**") for the investments in Eligible Projects (as defined below) meeting the Eligibility Criteria (as defined below). Pending application of the net proceeds for investment in such Eligible Projects the Issuer will hold such net proceeds, at its discretion, in cash or other liquid marketable instruments in its liquidity portfolio. The balance of the Green Project Portfolio, until such amount is used in full, will be reduced at the end of each annual period by the amounts invested in such annual period in Eligible Projects meeting the Eligibility Criteria. The Issuer will establish systems to monitor and account for the net proceeds in order to ensure the allocation of such net proceeds to the Green Project Portfolio for the investments in Eligible Projects meeting the Eligibility Criteria.

Deloitte & Associés, one of the joint independent statutory auditors of the Issuer, is expected to issue a report on (i) the compliance, in all material respects, of the Eligible Projects with the Eligibility Criteria as defined below as well as (ii) whether the balance of the proceeds in or the amounts of Green Project Portfolio used are consistent with data underlying the accounting records. This report will be issued once a year until the net proceeds are used in full or the maturity date of the Notes, whichever comes first.

"**Eligible Projects**" means financing (through making loans or through equity

investments or otherwise) the construction costs and/or development of (i) new projects meeting the Eligibility Criteria and/or (ii) existing projects meeting the Eligibility Criteria which have not yet started or been externally financed at the issue date of the Notes that EDF Energies Nouvelles may develop or invest in after the issue date of the Notes (the "**New Projects**"). Proceeds of the Notes will not be used to refinance debt relating to projects existing at the issue date of the Notes (i.e. projects which have already started or been externally financed) but will be limited to investments in New Projects identified by EDF Energies Nouvelles. EDF Energies Nouvelles is a subsidiary of the Issuer which was incorporated for the purposes of the production of renewable energy and develops, installs and operates green electricity power plants, mainly in Europe and North America, primarily for its own owner-operator account and for third parties.

"**Eligibility Criteria**" means the criteria set and approved by both EDF Energies Nouvelles and Vigeo appointed by the Issuer as annexed to these Final Terms and applying only to the construction phase of the Eligible Projects.
