

Appointment of Brice Bohuon to the EDF Group's Executive Committee

Brice Bohuon will be joining EDF on 10 April 2023 as Group Senior Executive Vice-President and Group General Secretary, subject to the approval of the High Authority for Transparency in Public Life (HATVP). He takes over from Pierre Todorov, who has fulfilled these duties since 2015, and has opted to exercise his right to retirement.

Brice Bohuon, 44, is a graduate of the Ecole des Mines of Paris and the Paris Institute of Political Studies, and an Ecole Nationale d'Administration alumnus. He began his professional career in 2007, working in the Conseil d'État (Council of State) as judge and Government adviser, taking up the post of Deputy General Secretary there in 2010. In 2013, he joined SNCF Transilien, serving successively as General Secretary and then Marketing and Services Director. In 2017, he was appointed General Director of the Energy Regulation Commission, before joining Transdev France in 2019 as Deputy General Director. He had been Deputy General Director for the Île-de-France region since 2021.

Brice Bohuon will join the EDF Group's Executive Committee on 10 April 2023 and will take up the position of Group General Secretary. In this role, he will be responsible for coordinating the company's Legal, Audit and Risk Departments, the Public and European Affairs Departments as well as the Security and Economic Intelligence Department.

Brice Bohuon takes over from Pierre Todorov, who has opted to exercise his right to retirement.

A graduate of the École Normale Supérieure and the École Nationale d'Administration, and holder of an advanced teaching degree in philosophy, Pierre Todorov began his career in 1986 at the Conseil d'État, before joining the Lagardère Group in 1990, where he held a number of management positions. From 1997 to 2008, he was General Secretary of the Accor Group, before becoming a partner in the law firm Hogan Lovells. In 2011, he joined PSA Peugeot Citroën as General Secretary, a position he held until 2014. Pierre Todorov has been EDF group General Secretary and a member of the Executive Committee since 2015.

Luc Rémont states: *"I am very pleased to welcome Brice Bohuon to the Executive Committee. He will bring to the EDF group his experience and expertise in the management of complex projects associated with the modernisation of services, with regulation, and the stewardship of central functions, in sectors such as mobility and energy. His contribution will be particularly valuable as the EDF group meets the challenges of the future in the nuclear industry, renewable energies, and European electricity market reform.*

I would like to extend the warmest thanks to Pierre Todorov for his unfailing commitment and outstanding contribution to the company over the last eight years. Pierre and his teams have worked tirelessly to meet EDF's major strategic milestones. Throughout his career, Pierre Todorov has assisted the transformation of leading French companies, with exemplary professionalism and steadfast concern for the public interest."

About EDF

As a major player in energy transition, the EDF Group is an integrated energy company active in all businesses: generation, transmission, distribution, energy trading, energy sales and energy services. EDF group is a world leader in low-carbon energy, having developed a diverse production mix based mainly on nuclear and renewable energy (including hydropower). It is also investing in new technologies to support energy transition. EDF's raison d'être is to build a net zero energy future with electricity and innovative solutions and services, to help save the planet and drive well-being and economic development. The Group is involved in supplying energy and services to approximately 40,3 million customers (1), of whom 30,3 million in France (2). It generated consolidated sales of €143.5 billion in 2022.

(1) Since 2018, customers are counted per delivery site. A customer can have two delivery points: one for electricity and another one for gas.

(2) Including ÉS (Électricité de Strasbourg) and SEI.
